In 2015 numerous discussions/debates and meetings were held about the problems of NIPA. There is a new minister with the responsibility of this portfolio and I would like to know considering that the current Minister was part of the Educational Committee of Parliament and was actively involved in highlighting the issues of NIPA, I would like answers to the following;

1. What is the current status of NIPA and the issues previously identified in Parliament?
2. What are the plans of the current minister to remedy the situation?
3. When will Parliament be apprised of this information?

Through the president of Parliament, I would like for the Minister of Education Culture Youth Affairs and Sports to immediately respond and answer the aforementioned questions, considering the urgency of the NIPA situation.

Looking forward in receiving a response to the posed questions.

I remain yours truly,

MP Leona Marlin-Romeo
